Acceptance Testing

A full user test against the requirements document

Soban Ahmed & Dawood Khan
UOB:16014217 & UOB:16011851

This is the main registration screen that im testing , from here I tested the registration form and the validation of the form ,if a field is missing information then you are prompted to fill out that field, the registration field also has validation for the uob number as you can only enter up to 8 characters and no text characters.

The screenshot shows the 'BRADFORD UNIVERSITY PLACEMENT PORTAL' registration page. At the top left, there is a 'Go Back' button. The main heading is 'BRADFORD UNIVERSITY PLACEMENT PORTAL'. Below this is the University of Bradford logo, which includes a shield with a book and a globe, and the text 'UNIVERSITY OF BRADFORD MAKING KNOWLEDGE WORK'. The registration form consists of four input fields: a UOB number field containing '16014217', an email field containing 'sobanahmed@hotmail.co.uk', a password field with six dots, and a confirm password field with six dots and a cursor. Below the fields are two buttons: 'Register' and 'Already registered? Login'.

Register

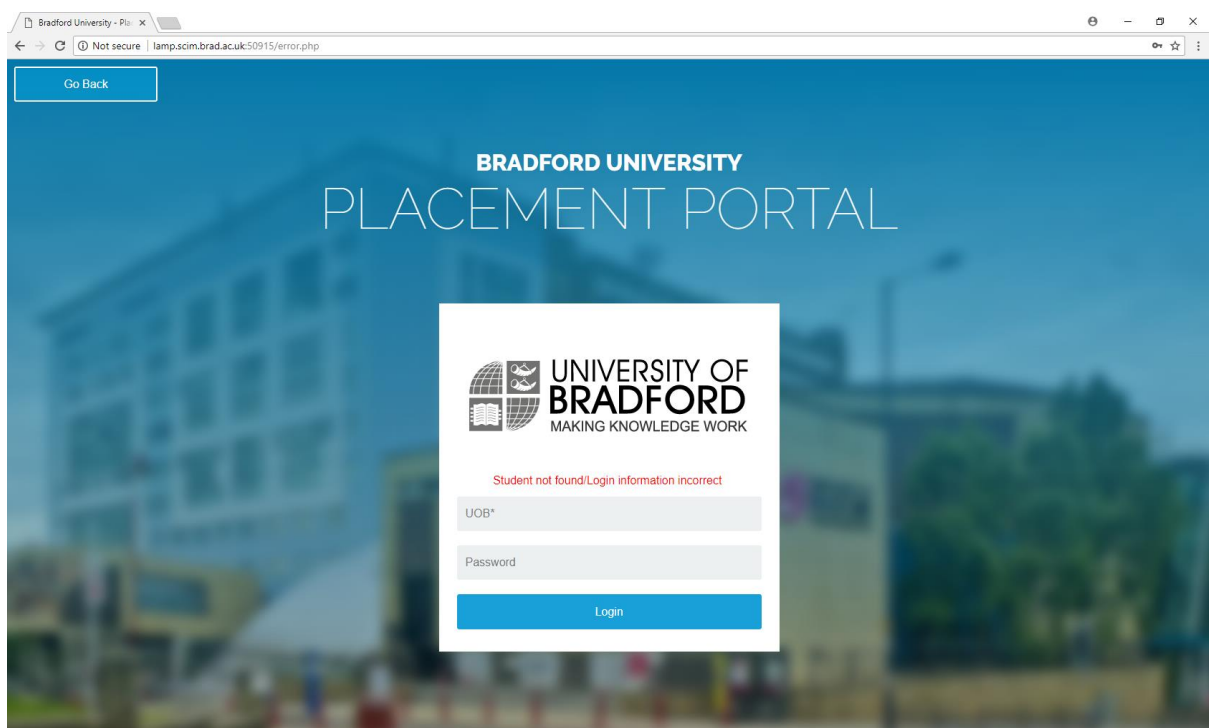

Already registered? Login

Once you have registered you are presented with a page where it will state above that you have registered and will allow you to log in to the page through here. If the user enters a wrong password or if the user tries to log in with a UOB that is not part of the system then the validation will take effect and let the user know that the information that you have entered is incorrect. (Screenshot 1A)(Screenshot 1B)

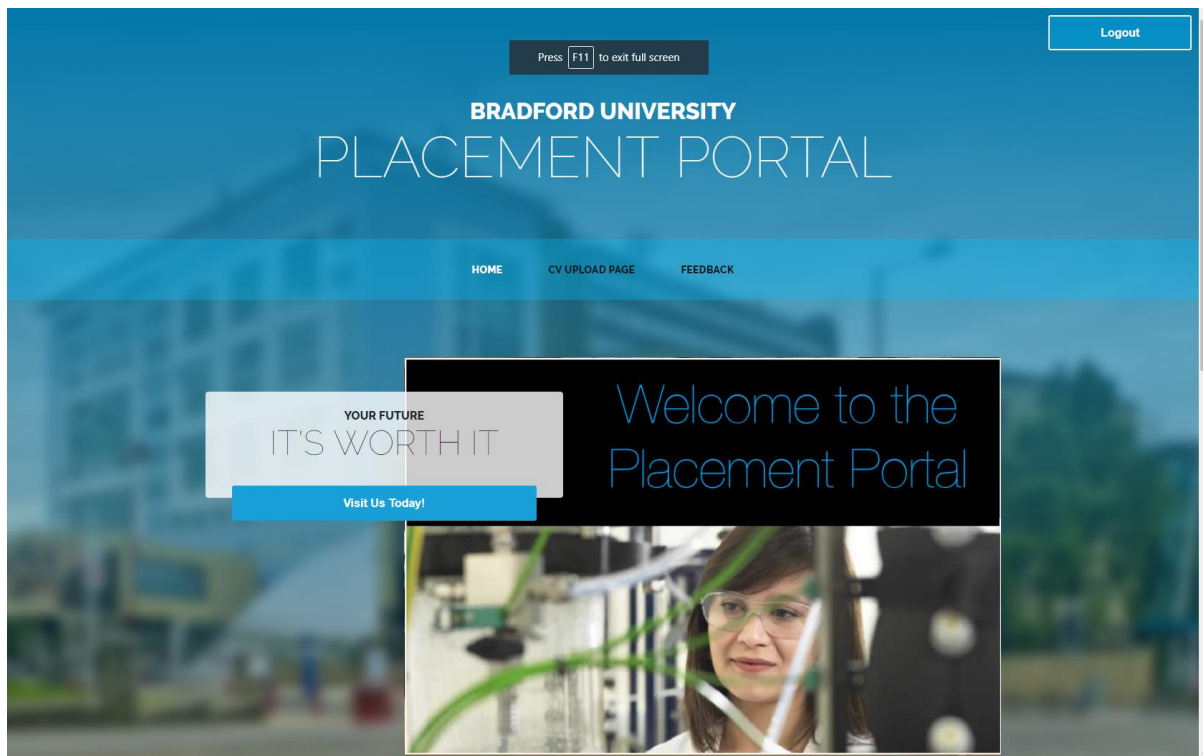

(Screenshot 1A)

(Screenshot 1B)

This is the main page that the user is presented with, there is a middle page in between the login page and the main page of the website which is responsible for checking if the user is in the database and if the user is in the database then it will proceed with the connection to allow the user to enter the site.

This is the CV upload page, from here the student can upload their CV into the system , the form has validation for all fields and allows the file types of DOC and PDF to be uploaded ,once the user has submitted the CV they will be presented with the success page which will direct them back to the main site.

This is the feedback form, a user can enter a message that will be sent to multiple mailboxes (the staff) and they can request feedback for the CV they have uploaded, this also has validation and is fully working and allows the student to submit, if the form sends successfully then they are presented with a small box telling them that it has successfully been sent.

The screenshot shows the 'BRADFORD UNIVERSITY PLACEMENT PORTAL' header. Below the header is a navigation bar with links for 'HOME', 'CV UPLOAD PAGE', and 'FEEDBACK'. The main content area features a white box with the University of Bradford logo and the title 'Feedback Form'. Below the title is the instruction 'Please let us know about your experience'. A text input field contains the name 'Soban Ahmed'. Below this field are two more input fields: 'Your Name:' (containing 'Soban Ahmed') and 'Email:' (which is empty). A blue 'Send' button is positioned below the 'Your Name' field. A red tooltip with an exclamation mark icon and the text 'Please fill out this field.' points to the empty email field. At the bottom of the white box, the copyright notice 'Copyright ©Bradford University Placement Portal 2018' is visible.

This screenshot shows the same 'BRADFORD UNIVERSITY PLACEMENT PORTAL' interface, but with a 'Logout' button in the top right corner. The 'Feedback Form' section now displays a success message: 'Thank You ! Your feedback has been sent and we will take it into consideration'. The rest of the page, including the navigation bar and footer, remains the same as in the previous screenshot.

Across all pages there is a logout function that uses JavaScript to logout the user from the current session, this button appears on almost all screens once the user/admin has entered the site.

This screenshot shows the 'Feedback Form' page of the Bradford University Placement Portal. The page has a blue header with the university's name and logo. A red 'Logout' button is in the top right corner. Below the header is a navigation bar with links for 'HOME', 'CV UPLOAD PAGE', and 'FEEDBACK'. The main content area features a white box with the 'Feedback Form' title, a sub-header 'Please let us know about your experience', a large text input field, and two smaller input fields for 'Your Name' and 'Email'. A blue 'Send ->' button is at the bottom of the form.

[Student Login](#)

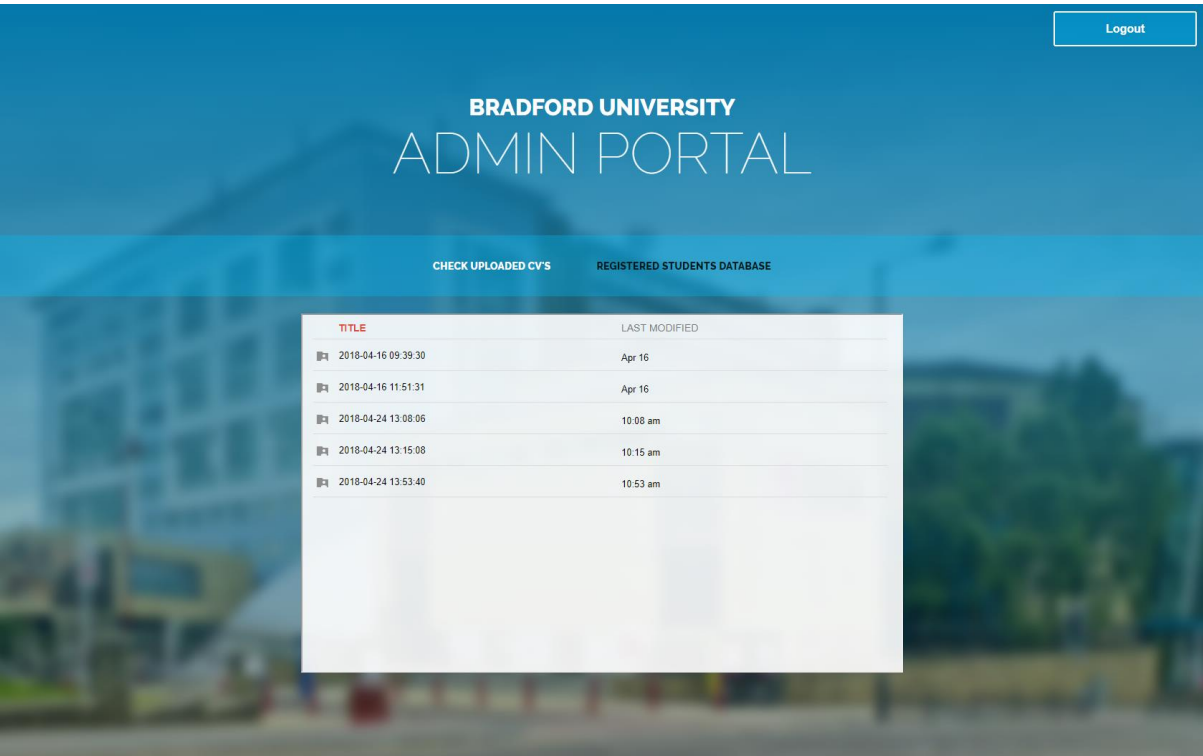

[Dont have an account ? Register](#)

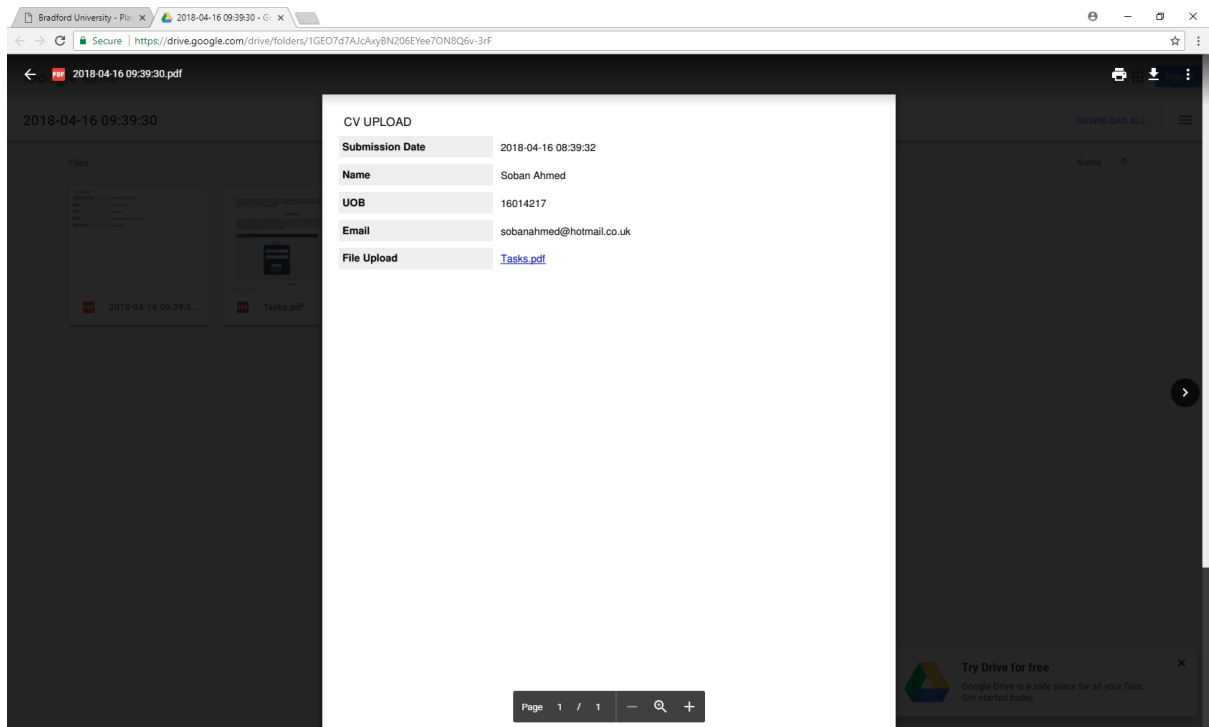

[Admin Login](#)

This is the admin portal for the staff, the staff who maintain the system are already a part of this system and they can login through their own separate portal.

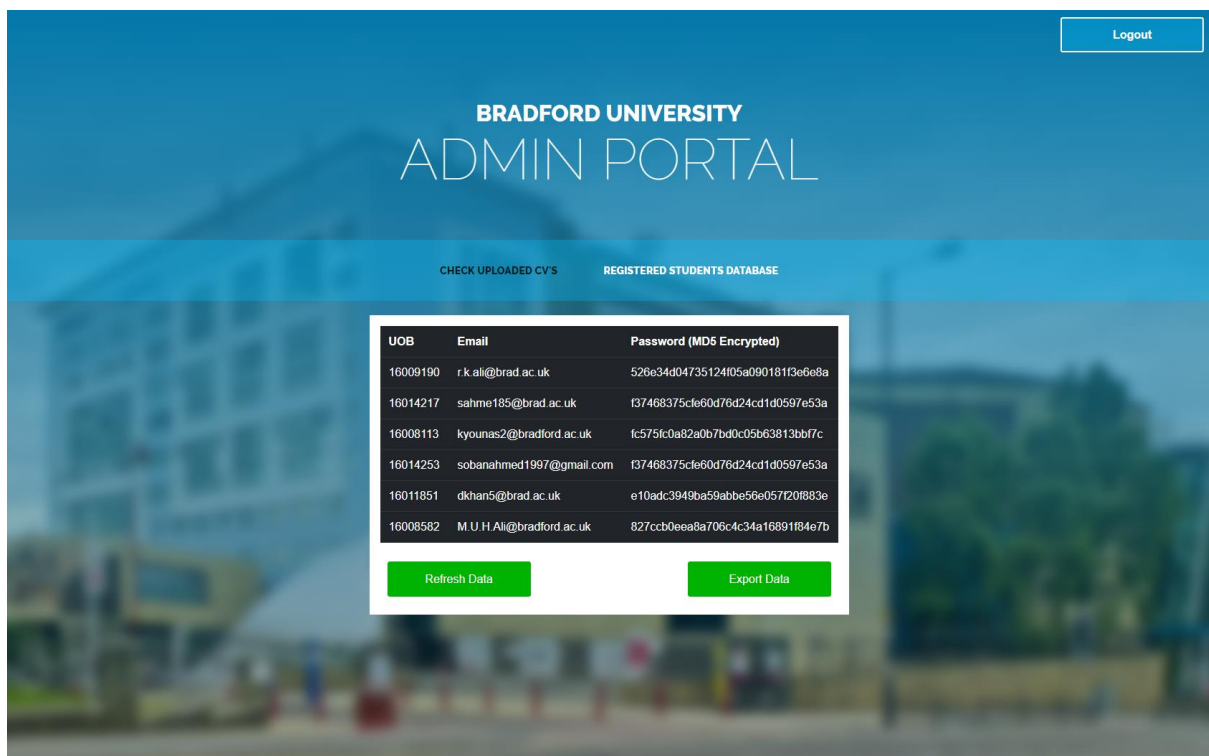

Once a staff has logged into the site they are presented with the CV upload page, here they can select any CV that has been uploaded to Google Drive in its own separate folder with its own unique ID, inside the folder the staff will find the students cv uploaded and a separate file telling them of the date that it was uploaded on, their UOB number and the name of the file including the extension of it.

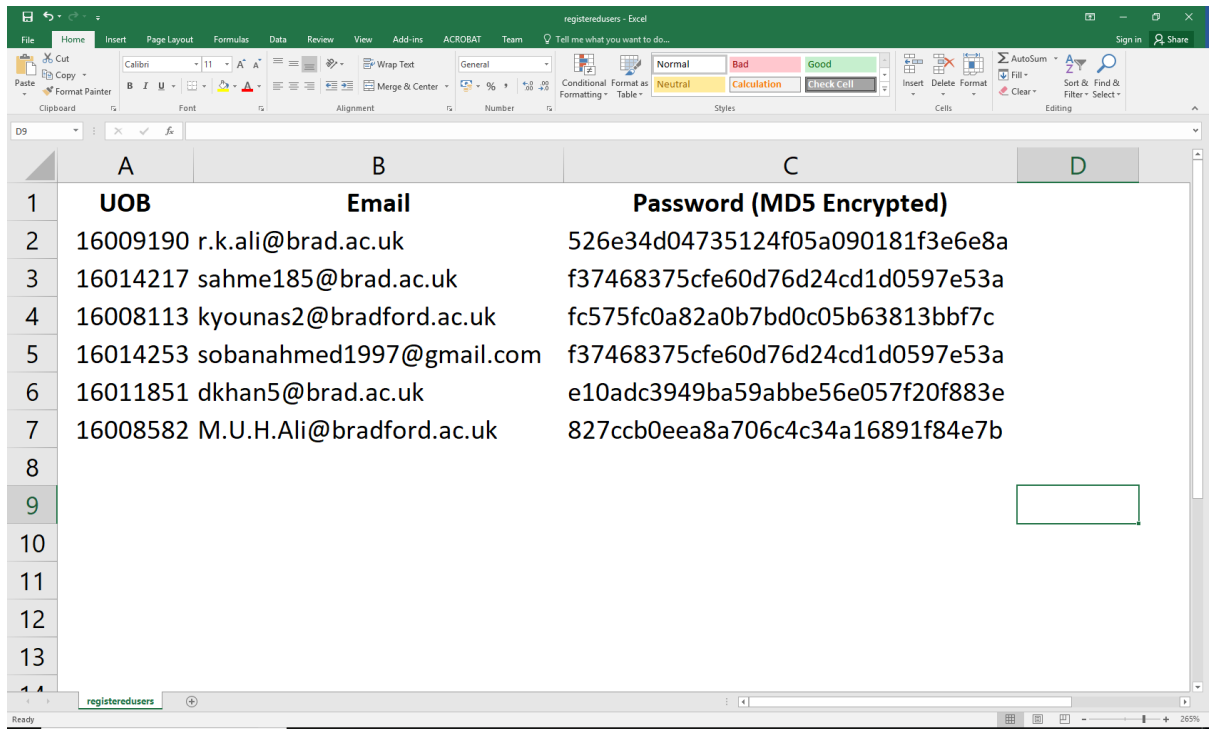

There is also a separate tab on the Admin portal that allows the admin to see which users have registered to the system, this works by retrieving data from the LAMP myphp database and presenting it in this table for the admin to see , they can also refresh this data to see new students that have been added to the database , there is also an export button for the admin to use to export the data into an XLS file that can be opened with any spreadsheet program or sent to other staff to be viewed or stored elsewhere for external backup.

This is the exported file of the student database and as you can see it is correctly formatted into columns and shows the data as it is presented on the website.
